PROFESSIONAL EXPERIENCE

e-Cargoware

Chennai, India

Full Stack Developer, Software Engineer

August 2023 - Current

- Enhanced **FR8Manage** (AngularJS) by building new controllers, services, and shared **Spring Boot REST controllers**, used by **20+ customers** to streamline workflows. Updated components and functionality in **FR8Booking** (Angular 16), supporting deployment for **5 major clients**. Optimized system performance and data integration using **Java, Spring Boot, and database migrations** to support logistics and booking operations.
- Leveraged existing **Flutter InAppWebView** and **flavours concepts** in FR8Booking's mobile app to build and deploy around **10 APKs** for local client usage, and successfully published the app on **Google Play Store and Apple App Store** for **3 major clients**, ensuring a reliable and user-friendly mobile experience.
- Managed and fulfilled product requirement requests from **two airline clients**, leading to the successful deployment of the upgraded application to over **50 agents** from their customer base. This process involved customizing features to meet client needs, enhancing user experience, and ensuring efficient and effective application performance across the client's operations.

Cognizant

Bengaluru, India

Java Full Stack Developer Trainee, Cognizant Developer Engineering

Jan 2023 – June 2023

- Excelled as a highly skilled Full-stack Java developer trainee, undergoing extensive training in Angular, MySQL, and Spring Boot. Skilfully implemented REST APIs, efficiently utilized MySQL Server, and demonstrated exceptional resilience and organizational abilities, resulting in a notable 25% increase in team productivity and seamless collaboration.
- Achieved the Common European Framework Equivalent Rank of B2 by getting placed in Level 9 in Step + Assessment, scoring 1239 out of 1581.
- Led a team of 5 developers in spearheading the development of the Employee Travel Desk Application for the trainee completion project.

GFin Tech Solutions (Powered by EvolTech)

Chennai, India

Technical and Operations Intern

February 2022 - June 2022

- Collaborated closely with the **CEO and team leads**, playing a pivotal role in **enhancing functionality, optimizing performance, and implementing innovative solutions** in React. This led to the successful execution of projects and an elevated user experience.
- Demonstrated **strong problem-solving skills** by restructuring React components based on client requirements and introducing additional features that significantly **improved functionality and user experience**.
- Leveraged analytical skills and technical expertise in **HTML, CSS, JavaScript, React, and Django** to implement a range of innovative solutions and features, ensuring a seamless user interface and interaction.
